Personal Profile

Aspiring software engineer with a strong passion for developing innovative programs. I have recently completed Just-IT's Digital Skills Bootcamp with the intention to start an apprenticeship in Software Engineering.

I have developed the great skill Lua to create personal game projects which has provided me the base skillset to quickly gain knowledge in other languages such as Python & JavaScript. My hobby has now directed me into the career path and I am keen to learn and develop my skills.

Education and IT Training

10/2021 - 01/2022
Just IT Training Ltd, London
Digital Skills Bootcamp: Software Development
A twelve week intensive bootcamp covering the fundamentals of Web and Software development.

Calculator Web App	Calculator	HTML, CSS, JavaScript
Ticket Python App	Ticket booking for a adventure theme park	Python
Encryption App	Encrypts a string using caesar cipher	Python
FilmFlix App	Manages a film database	Python, MySQL

Employment History

04/2020 - 07/2021   **Sainsbury's, London**
                               Online Assistant

- Updating item locations that have been moved as we pack customers shopping.
- Checking product best before/use by date to ensure that they are not out of date.
- Placing products on the shop floor, managing stock.
- Making sure that the shop floor is clean and looks presentable at all times.
- Helping customers with general enquiries as well as promoting items in the store relevant to their queries.

04/2019 - 07/2019   **McDonalds, London**
05/2017 - 07/2018   **Crew Member**

- Ensuring workstations are fully stocked before starting the shift.
- Serving customers quickly during busy times to reduce queue size.
- Creating orders in bulk to keep up with demand at busy times.
- Working within a team to keep up with orders.
- Dealing with problems on the go to prevent it from impacting team performance.

Interests and Achievements

- Attended National Citizen Service 2016
- Year 10 Hounslow Borough Champions 2014 - 2015
- Brentford FC Supporter
- Basketball and Football
- **Game Development**: Using ROBLOX to develop my programming skills by creating games using Lua. I have asked my friends and family to test the games I make to identify bugs.
- **PC Building**: I enjoy building computers from scratch and benchmarking them to see how they perform under load.
